**Re: 07ITBBELLROADPHASE-1  
R002 Bell Road Reuse Water Main Extension Phase 1**

Dear Bidders:

Attached is one (1) copy of Addendum 3, hereby made a part of the above referenced Bid #07ITBBELLROADPHASE-1, R002 Bell Road Reuse Water Main Extension.

**Corrections to Drawings and Specifications:**

Sheet CD-04, modify 12" PIPE CROSSING AT STATION 52+42 DETAIL 4 per the attached sketch CD-04-1.

Section 01025, Article 1.05, delete Paragraph E in its entirety and replace with the following,

"E. Payment for pipe in casing shall be made at the unit price bid for REUSE WATER MAIN."

Section 01025, Article 1.06, Paragraph B, at the end of the last sentence add the following,

"... and as approved by the Engineer for compliance with safety codes and regulations."

Section 01025, Article 1.06, delete Paragraph E in its entirety and replace with the following,

"E. Costs for removal and replacement of sidewalks, curb and gutter, and concrete, asphalt, and gravel driveways shall be included in the unit price bid for the item to which it pertains."

Except as provided herein, all terms and conditions in the Bid referenced above remain unchanged and in full force and effect.

**07ITBBELLROADPHASE-1, R002 Bell Road Reuse Water Main Extension**  
**Phase-1**

**Addendum No. 3**

**Page Two**

**Questions:**

1. On sheet CD-04, there is a 12" meter with BFP shown. Is there a detail for this and can a bid item be added as this does not pertain to pipe excavation.

Answer – See Addendum No. 3 Corrections.

2. Will asphalt and concrete driveways be paid under the remove and replacement detail? If not which bid item does this pertain to?

Answer – See Addendum No. 3 Corrections. No separate payment will be made.

3. Can a bid item be set up for the stream crossing? I could not find any information in the specs about it?

Answer – No. See Section 01025, Article 1.03, Paragraph H.

4. In the pre-bid meeting, you stated that the contractor would be responsible for obtaining all permits. What permits do you anticipate that we are responsible for?

Answer – See Section 01060. It is the Contractor's responsibility to obtain all required permits. Permits anticipated to be required include, but are NOT limited to the following: Land Disturbance Permit (already obtained by County), NPDES permit, and other permits as required by local jurisdiction.

5. Are we to polywrap the main that is within 3' of steel gas mains as shown on the plans? Will a change order be approved to take care of any additional polywrap that may be required if we encounter any unforeseen steel gas mains?

Answer – See Appendix Design & Construction Standards For Non-Potable Reuse Water Lines, Page 23, Article 6.5.9. "All ductile iron pipe and fittings shall be field encased in polyethylene encasement prior to backfill...." There will be no change order for additional polyethylene encasement.

6. Is the 12" main inside the casing shown on sheet CD-04 required to be restrained joint pipe? If so, could a pay item be added?

Answer – No, bid as shown.

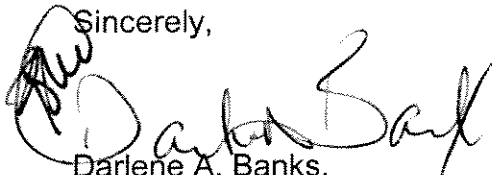

7. It is possible that unforeseen utility conflicts may cause the proposed reuse lane to be shifted toward the edge of pavement requiring more curb

and gutter and sidewalks to be replaced? Section 1.06 E in the specs says no separate pay item will be made for these. The County could get better pricing instead of rolling the cost of these in the pipe bid item over the entire project. Could the County add additional bid items for these?  
Answer – No change.

8. Other bid items could be added to ensure better pricing. i.e. traffic control, rock excavation, electronic markers, etc. Could bid items be added?  
Answer – No change.

9. Could the pay width for asphalt pavement be extended to 6.5' since a trench box will be required? You need at least 4.5' wide not counting the cut backs in order to stay compliant with OSHA.  
Answer – See Addendum No. 3 Corrections.

Sincerely,

Darlene A. Banks,  
Assistant Purchasing Agent

This Addendum forms a part of the contract documents and modifies the original Bid documents as noted below:

See attached document

#### ACKNOWLEDGEMENT OF ADDENDUM NO. 3

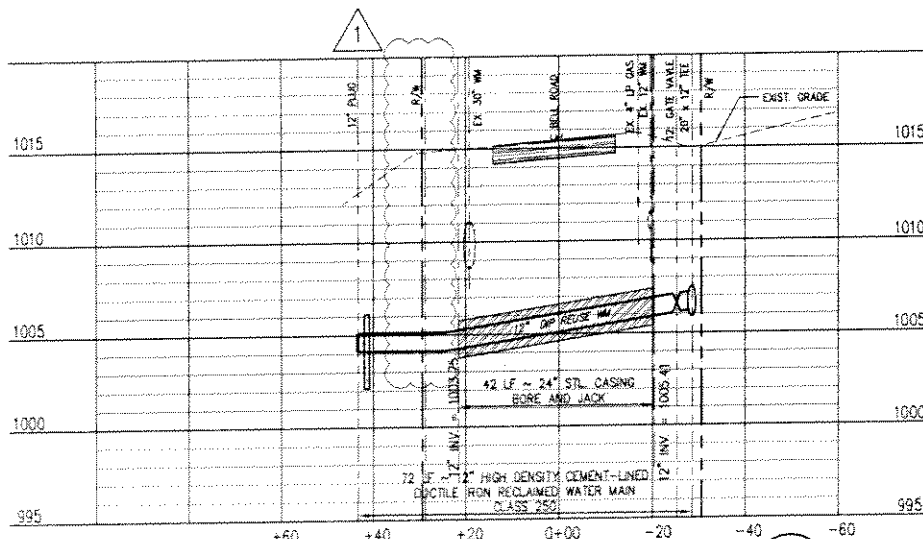

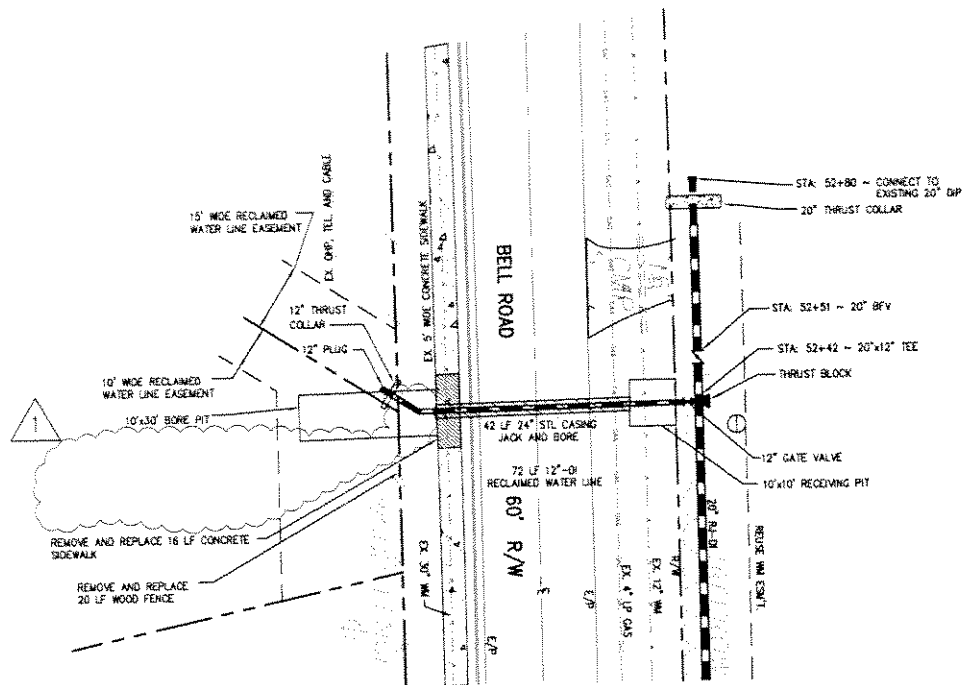

The undersigned proposer acknowledges receipt of this addendum by returning one (1) copy of this form with the proposal package to the Purchasing Department, Fulton County Public Safety Building, 130 Peachtree Street, Suite 1168, Atlanta, Georgia 30335 by the Bid due date and time on Thursday, January 11, 2007 at 11:00 A.M.

This is to acknowledge receipt of Addendum No. 3, \_\_\_\_\_ day of \_\_\_\_\_, 200\_\_.
